

I Came Straight To You

Patty Loveless

All I've got is what I've got
I can't act like what I'm now
Got an old soul, a tender heart
And I came straight to you Well, I do my best to tell the truth
Ask my friends, if you need proof
If you don't count my reckless youth
I came straight to you Thought I walked a twisted trail
Till I saw where it led me to
Yeah, one foot in front of the other baby
And I came straight to you Had this picture in my mind
Of someone who I'd hoped, I'd find
Honey I've known you a long long time
And I came straight to you Well it seemed such a long shot
But somehow my aim was true
Like a moonbeam across the water baby
I came straight to you All I've got is what I've got
And I can't act like what I'm not
Got an old soul, a tender heart
And I came straight to you Thought, I walked a twisted trail
Till I saw where it led me to
Yeah, one foot in front of the other baby
And I came straight to you Like a moonbeam across the water baby
I came straight to you
Straight to you
