Secret God

Neil Finn

Lets go climb up on the roof
In the twilight 360 degree views
As we lie down
Watch the fading light turn into stars
There you areSecret God, breathe my name
Secret God, stir up the dust
Whisper my nameThis reminds me of another place
Lonesome Wolf comes down from the hills
It is walking in circles howling at the moon
In another life, he will be enchanted by a womanSecret God, stir up the dust
Breathe my name
Secret God, stir up the dust
Whisper my name
In my mindSee a man collapse
In the doorway of a restaurant
Holding my hand out
The first one there to help him upSecret God, stir up the dust
Whisper my name
Secret God, stir up the dust
Breathe my nameTime on hand, stir up the dust
Breathe my name
Secret God, whisper my name
In my mind
