

# Love Unchained

## Billy Idol

They say all life  
Will end one day  
And friends yeah  
Forget and die away  
Well if fate is cruel  
And dims the light  
Our love c'mon yeah  
Shine on for all right But oh if you're lonely  
And so blue  
It's here inside saying Man for woman  
Love's unchained ah yeah  
Man for woman  
It's insane well That's right  
I gotcha Times precious times  
I've lost what I was looking for  
And I can see it's true  
A change had to come  
Well baby  
I was lonely ah yeah  
So blue  
Looking at you and your wanting me  
Man for woman  
Love's unchained  
C'mon walk with me baby  
Man for woman  
It's insane  
It's insane  
Love's unchained Aha love's unchained  
Well I want to greet you  
Believe me I want to touch too ah yeah  
Man without woman  
It's a lost lonely time  
For love it can be broken  
Yes and love made unkind  
It's right here  
If you're lonely c'mon baby  
Yes and so blue  
It's right here  
C'mon and it's wanting you

Say yeah  
Make love with me baby  
Man for woman  
Love's unchained ah yeah c'mon  
I said love still the outlaw  
Hey c'mon baby  
I said c'mon  
I was lost without a woman  
But you can see me  
And I'm found  
It's never in vain  
There's no shame  
I cast no blame c'mon  
Love's unchained  
Yes mama Make love to me baby  
Make love to me baby
