Choose for Yourself

Insted

This feeling is deep in my heart. For our sake it will never be torn apart. Please don't think it's just a fad. I'm not telling you what's good or bad. Look up and see what it's done for me. All I am asking is to let me be. My choice - your choice. Our choice - the choice. Choose for yourself. Bottom line is I choose to be straight. With this I've been able to create. Your choice might differ from mine. And I want you to know I think that's fine. Remember this thing my friend. I'll help you until the end. I'll help you when it's time to break through. You did it for me, I'll do it for you. My choice - your choice. Our choice - the choice. Choose for yourself
