Passing Angel

Phil Joel

We won't say goodbye
This is not the end we know
Truly all who live must die
But not all who live
Have truly been aliveSo I will celebrate your love
Celebrate your faith
Celebrate your love
And the legacy you leaveI will celebrate your love
Celebrate your faith
Celebrate your love
And the legacy you leaveWe won't say goodbye
This is not the end we know
Truly all who live must die
But not all who live
Have truly been aliveSo I will celebrate your love
Celebrate your faith
Celebrate your love
And the legacy you leaveI will celebrate your love
Celebrate your faith
Celebrate your love
And the legacy you leaveNow we won't say goodbye
This is not the end we know
Truly all who live must die
But not all who live
Have truly been aliveSo I will celebrate your love
Celebrate your faith
Celebrate your love
And the legacy you leaveI will celebrate your love
Celebrate your faith
Celebrate your love
And the legacy you leaveWe won't say goodbye
