

Get Back

XRS Land

1, 2, 3, 4

Oh no, here we go

Catch me if you can

Don't move too slow

I'm on another level

Can you feel my flow?

See how good

When I'm on the floor

Wonder if you're ever

Gonna zing that I got

I told you before

That I'ma keep it hot

See how it is

When I walk up in the spot

Standing in a line

Ah, I think not

I came to party, baby

You might think I'm crazy

By the way I'm moving

To the beat

You're standing on the wall

What you come here for?

You wanna feel the heat

Dance and lose control

Get back

(Get back)

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)
If you can't take it then get back
Get back
(Get back)
Get back
(Get back)
If you can't take it then get back
Get back
(Get back)
Get back
(Get back)
If you can't take it then
DJ spin it back
Know that I like it
When you do it like that
Eyes on my waist
Feel you better think fast
Got that kind of body
Make you wanna spend cash
Shake it like you seen them do it
In the video
Ladies on the floor
Let me see you get low
Fellas at the bar
Won't you spend a little dough?
This is how I do it
When I'm tearing up the floor
I came to party baby
You might think I'm crazy
By the way I'm moving to the beat
You're standing on the wall
What you come here for?
You wanna feel the heat
Dance and lose control
Get back
(Get back)
Get back
(Get back)
Get back
(Get back)
If you can't take it then get back
Get back
(Get back)
Get back
(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then

Watch me

You like it, I've got it

1, 2, 3, 4

Would you like it

If I tease you

Get you really hot

Watch me turn around

Then let me show you what I got

Baby, if you're ready

Won't you step up to the plate

Don't be scared of how I'm moving

Boy, don't play it safe

Let me see you move

Let me see you dance

Let me see you bounce

Danja, bring it back

Get back

(Get back)

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)
Get back
(Get back)
If you can't take it then get back
Get back
(Get back)
Get back
(Get back)
If you can't take it then get back
Get back
(Get back)
Get back
(Get back)
If you can't take it then
