

Power of Love

[Gary Wright](#)

I can see by the look in your face
That you're thinking of me
And the words that you're saying
Are playing a sweet melody
Power of love flowing in me
Power of love growing in me
I can hear what you tell me
You tell me your love isn't real
But it can't be until you realize
It's something you feel
Power of love flowing in me
Power of love growing in me
I can feel something's happening inside me
I cannot describe
And I don't know if I'm coming or going
I'm too high to drive
Power of love flowing in me
Power of love growing in me
