What's Made Milwaukee Famous

Lynn Anderson

It's late and I'm waiting and by now he should be home
I've walked the floor for hours listening for the telephone
But he's always weak with dreams so strong and I guess he'll always be
What's made Milwaukee famous has made a loser out of me
Though I've begged him not to go so many times before
I've told him love and happiness can't live behind those swinging doors
I hate to see him live this way but I just can't set him free
What's made Milwaukee famous has made a loser out of me
[harmonica]
Though I've begged him not to go...
What's made Milwaukee famous has made a loser out of me
