Some Girls

Madonna

Some girls can do anything
Whole world hanging on a string
She's flawfless, like a Virgin sweet (like a Virgin, sweet and clean)
Some girls got an attitude
Fake tits and a nasty mood
Hot shit when she's in the nude (in a naughty, naked mood)
Some girls got a sexy look
One drink and it?s all a blur
Cash now if you wanna flirt (cash, not credit and it's going to hurt)
Some girls going off the deep end
Some girls living for the weekend
Some girls like to get the freak on
Some girls make a scene
Shoot their mouths and talk obscene
Crying in a limousine (crying in a limousine)
Some girls make you feel like a rocket, hard as steel
Some girls only ever like to tease
Some girls are not like me, I'm everything you ever dreamed of
I got you begging baby please
I got you begging baby please
Some girls wanna call the shots
Some girls wanna be on top
Some girls have a filthy mouth
All talk and they never stop
Just take it, It?s not enough
Some girls make a scene

Shoot their mouths and talk a scene
Crying in a limousine
Some girls make you feel like a rocket hard as steel
Some girls only ever like to see
Some girls are not like me I am everything you ever dreamed of
I got you begging baby please
I got you begging baby please
Wrap your arms around my neck it?s time to steal some hugs today
If you wanna play this game with me
I am not like all the rest
Some girls are second best
Put your loving to the test, you?ll see

Some girls are not like me
I never wanna be like some girls
Some girls are just for free
I never wanna be like some girls
Some girls are not like me I am everything you ever dreamed of
I got you begging baby please
I got you begging baby please
Some girls are not like me I am everything you ever dreamed of
I got you begging baby please
I got you begging baby please
Some girls are not like me
I never wanna be like some girls
Some girls are just for free
I never wanna be like some girls
