Zero Tolerance

Optiv, BTK

zero tolerence is somethin' that i call
when i don't give a shit about anything at all
and i don't take any crap from anybody else
so they can all kiss my ass
and go to fuckin' hell
two, three, four
i am walking down the street
when somebody calls to me
hey you little fucking faggot bastard ass pussy
my eyes turn red
my fists are clenched
and something snaps inside
i take a rock up to their heads and i bash it open wide
three four
never start no shit if you think about it twice
cause i dont give a shit i try to rob her every night
i don't take no shit from anyone anyone but me
and _____
two three four
i am walking down the street
when someone calls to me
hey you little fucking faggot bastard ass pussy
my eyes turn red
my fists are clenched
and something snaps inside
i take a rock to his mutherfucking head and i bash it open wide
three four
zero tolerence is somethin' that i call
when i don't give a shit about anything at all
and i dont take any crap from anybody else
so they can all kiss my ass and go to fuckin' hell
