

# Mud In Your Eye

## Orange Juice

Here's some mud in your pretty eye  
But please drop in if you're passing by  
I'll tell you how much I hate you girl  
Perhaps that isn't true  
Though it's not the way it seems  
And you can shatter my illusions  
But you'll never haunt my dreams again  
Ever again And to those who are snide  
And those who connive  
I say love cannot be contrived  
Love cannot be denied  
I've always tried to be true to myself  
And if you ask me to explain  
The rules of the game  
I'll say you've missed the point again  
And again
