

# Grow (Solo)

## Lianne La Havas

I resisted the charms of evil's arms  
As she stood by my bedside speaking in tongues  
And the lovers who cried won't be denied  
As they fight for their right to grow, to grow  
Please don't turn us down  
Don't turn us down  
Turn, turn  
Turn up the love  
Turn up and watch it sing  
As we grow  
The future we don't know, know  
Unless we do it together, together  
I requested to know what I did wrong  
Cause I sure didn't mean to string you along  
But the blood in my body and my heart beat it said  
'It's to feel a crime, a crime!'  
Please don't turn us down  
Won't be turned down  
Turn, turn  
Turn up the love  
Turn up and watch it sing  
As we grow  
The future we don't know, know  
Unless we're together, together  
Turn up the love  
Turn up and watch it sing  
As we grow  
The future we don't know, know  
Unless we're together, together  
Turn up for this love  
Got nothing to hide if you get this feeling  
Turn up for this love  
Take a piece of the sky if you understand  
Turn up for this love  
Everybody can see that you're getting that feeling  
Turn up for this love  
Turn turn turn turn!  
Turn up the love  
Turn up and watch it sing  
As we grow  
The future we don't know, know  
Unless we're together, together  
Turn up the love  
Turn up and watch it sing  
As we grow  
The future we don't know, know  
Unless we're together, together
