Another Nail In My Heart

Squeeze

The case was pulled from under the bed
She made a call to a sympathetic friend and made arrangements
The door was closed, there was a note
I couldnt be bothered, maybe Ill choke no more engagementsWith where have you beens and faraway frowns
Trying to be good by not being roundAnd here in the bar, the piano mans found
Another nail from my heart
And here in the bar, the piano mans found
Another nail from my heartThat stupid old bug that kills only love
I want to be good, is that not enough?So play me the song that makes it so tough
Another nail from my heart
Then play me that song that makes it so tough
Another nail from my heartI had excuses those little boy lies
That she computed by watching my eyes and told me firmly
She couldnt stand it, Im bad on her heart
She dropped her makeup and I found the bar, now it concerns meIve had a bad time, now love is resigned
Ive been such a fool, Ive loved and goodbyedSo here in the bar, the piano mans found
Another nail from my heart
And here in the bar, the piano mans found
Another nail from my heartThen here in the bar, the piano mans found
Another nail from my heart
Then here in the bar, the piano mans found
Another nail from my heartThen here in the bar, the piano mans found
Another nail from my heart
