

Give Me What I Want

Baars

We take three steps forward and three steps back,
She says "I don't like the way you're dressed"
So then four words later, she takes four back
She says "I don't like the way you're tryin' your best to impress"

You win.

Everything you do,
Makes me wanna run
Home, will you get me going
Home, will you get me going
Home, home

Give me what I want,
Give me what I want,
Give me what I want,

Give me,
What I, want

Want,
Give me what I want,
Give me what I want,
Give me what I want,

Give me,
What I, want

Want,

Glass half empty, glass half full,
I'd you've got some catching up to do
Your glass half empty, glass half full,
I'd say you've got some catching up to do

Best to, impress.

You win.

Everything you do,
Makes me wanna run
Home, will you get me going
Home, will you get me going
Home, home

Give me what I want,
Give me what I want,
Give me what I want,

Give me,
What I, want

Want,
Give me what I want,
Give me what I want,
Give me what I want,
Give me,
What I, want
Want,
What is it you want me to know?
I give up on you
What is it you want me to know?
Ooh ooh, ooh ooh
What is it you want me to know?
I give up on you
What is it you want me to know?
Ooh ooh, ooh ooh
Give me what I want,
Give me what I want,
Give me what I,
Want, want, want, want
Give me what I want,
Give me what I want,
Give me what I want,
Give me,
What I, want
Want, want.
