

# Tongues (feat. Kopps) (RAC Mix)

## Joywave

Pick me up, dust me off  
Give me breath, and let me cough  
Drag me back, collect my thoughts  
I've come back to the land I'd lost  
The palms are down, I'm welcomed back to town  
Sometimes I feel like they don't understand me  
I hear their mouths making foreign sounds  
Sometimes I think they're all just speaking tongues  
Tell me all the things I've missed  
Who's been killed and who's been kissed  
(Drag me back, collect my thoughts)  
I'll be gone when the drugs wear off  
The palms are down, I'm welcomed into town  
Sometimes I feel like they don't understand me  
I hear their mouths making foreign sounds  
Sometimes you'd think they spoke another language  
The palms are down, I'm welcomed into town  
Sometimes I feel like they don't understand me  
I hear their mouths making foreign sounds  
Sometimes I think they're all just speaking tongues  
They say I'm the only one, who can be brave  
That I am the chosen one  
But there's no way, that I am the only one  
And there's no one to save  
If there's nowhere for them to run  
The palms are down, I'm welcomed into town  
Sometimes I feel like they don't understand me  
I hear their mouths making foreign sounds  
Sometimes you'd think they spoke another language  
The palms are down, I'm welcomed into town  
Sometimes I feel like they don't understand me  
I hear their mouths making foreign sounds  
Sometimes I think  
They're all just speaking tongues  
They're all just speaking tongues  
They're all just speaking tongues  
They're all just speaking tongues
