

Black Bullet

Kidneythieves

Can you deal with the hallucination? Can you steal the hallucination? I can hear and feel all that you're thinking
Can you deal with the hallucination? When I'm drowning in the sea, I am When you're looking down at me, I am
When I'm walking in the streets, I am A bullet When I'm looking and I find, I am When I'm purer than the sky, I am
When I'm fucking with your mind, I am A bullet
In the eye, In the mirror, I am In the eye, In the mirror, I am In the eye, In the mirror, I am A black bullet
In the eye, In the mirror, I am Alone, alone in this all.
Deal with the hallucination Can you deal with the hallucination When I'm walking on the line, I am When I think that I could kill, I am
When I think that I am love, I am I am a black bullet
In the eye, In the mirror, I am In the eye, In the mirror, I am In the eye, In the mirror, I am A black bullet
In the eye, In the mirror, I am Alone, alone in this all.
Can you deal with the hallucination You never, never Could you look me in the Eye, In the mirror, when
In the eye, In the mirror, I am In the eye, In the mirror, I am A black bullet In the eye, In the mirror, I am
Alone, alone in this all.
