Twenty-One Candles

Chris Young

Always be momma's baby
Always be daddy's girl
Right now she's makin' 'em crazy
Little red riding hood, big bad worldShe ain't waitin' on 21 candles
She ain't missin' not a minute of fun
She ain't worried about one day older
Pretty little rebel on the runShe ain't tryin' to be hard to handle
She gonna do what a girl gonna do
She ain't waitin' on 21 candles
Sure ain't gonna wait on youCan't be innocent forever
Ain't never done anything
She'll tell you no but she don't mean never
Turned the corner when she turned 18She ain't waitin' on 21 candles
She ain't missin' not a minute of fun
She ain't worried about one day older
Pretty little rebel on the runShe ain't tryin' to be hard to handle
She gonna do what a girl gonna do
She ain't waitin' on 21 candles
Sure ain't gonna wait on youHer folks wanna hold her back
But they don't know how
She wants it all and she wants it all right now
Get it all before the sun goes downShe ain't waitin', she aint' missin'
She ain't worryin', that girl needs kissin'She ain't waitin' on 21 candles
She ain't missin' not a minute of fun
She ain't worried about one day older
Pretty little rebel on the runShe ain't tryin' to be hard to handle
She gonna do what a girl gonna do
She ain't waitin' on 21 candles
Sure ain't gonna wait on youYeah, them 21 candles
