

# Let It Ride

[INXS](#)

The sky is blue, I'm watching you  
The grass is green, what does it mean?  
Clouds are white, don't lose that fight  
Generations oversight is fucking up my poetryLet it ride, ride, ride  
Ride, ride, ride  
Ride, rideCaught in between  
The sun and the moon and the stars  
Caught in between  
The sun and the moon and the starsCaught in between  
The sun and the moon and the stars  
Caught in between  
The sun and the moon and the starsThe sky is blue, I'm watching you  
The grass is green, what does it mean?  
Clouds are white, don't lose that fight  
Generations oversight is fucking up my overdriveLet it ride, ride, ride  
Ride, ride, ride  
Ride, ride, ride  
Let it ride, ride, ride
