

# No Lullabies

Perry Blake

North star shining on you  
April pretends to be June  
Calm seas swallowing lives  
Of those too young to die No lullabies to sing you to sleep  
As if he died, a soul they could keep Awakening! awakening!  
Awakening! awakening!  
But no lullabies  
Why no lullabies? Lullaby lullaby  
Lullaby lullaby
