

# A Heartbreak

## Angus & Julia Stone

I met your parents  
They were lying about falling in love

I met your parents  
They were dying but falling in love

Girl, you're just a child: A heartbreak  
Girl, you're just a child: A heartbreak

I saw your friends at the drive-in  
They were falling in love  
I met your friends  
They were lying about falling in love

Girl, you're just a child: A heartbreak  
Girl, you're just a child: A heartbreak

Girl, you're just a child  
Falling in love

Girl, you're just a child: A heartbreak
