One Word

Brian Eno & John Cale

I close my eyes
And imagine you're here
Did it all seem so hopeless?
Given the chance
I would ask
Forgive me
I didn't do a thing to make you stay
I didn't say a word to make you stay
If I would have known
Could I have tried to make it easier?
But I didn't do a thing
Or say a word
One word
And I don't know why you're gone, now you're gone
No beautiful goodbye
You will never leave my mind
And it turns out to be so much different than our dreams
Now you're
You're a star in heaven
My thoughts unsaid
Stuck in my head
And it all feels so useless
Never forget
To give all I have

Forgive me
I couldn't do a thing to make you stay
I couldn't say a word to make you stay
If I could have known
Could I have tried to make it easier?
But I couldn't do a thing
Or say a word
One word
And I don't know why you're gone, now you're gone
No beautiful goodbye
You will never leave my mind
And it turns out to be so much different than our dreams
Now you're
Yeah, you're a star in heaven

Still I don't know why you're gone, now you're gone
No beautiful goodbye
You will never leave my mind
And it turns out to be so much different than our dreams
Now you're
You're a star in heaven
You're a star in heaven now
You're a star in heaven
Yeah, you're my star
