Love Power

Snog

And I gave a flower to the a big fat cop, he takes his club and beats me up and I give a flower to the garbage man he stuffs my girl in the garbage can
Well, love power, love power
the power of a sweet flower
love power, love power
the power of a sweet flower and I give it to the landlord when rent comes 'round he takes it to the toilet and fushed it down and it goes into the sewer with the yuck' a runnin' through her and it ends up in the river that we drink
hey world ya' stink! Man! It's later than you think!
World you got just one more chance, come on baby wanna' dance?
Well, love power, love power
the power of a sweet flower
love power, love power
the power of a sweet flower
Love is the power that is mine, when I'm walkin' with my darlin' and we're holdin' hands love is fun 'cause she understands walkin' down the street givin' pretty flowers to the people that we meet.
Well, love power, love power
the power of a sweet flower
love power, love power
the power of a sweet flower
And I gave a flower to the a big fat cop, he takes his club and beats me up and I give a flower to the garbage man he stuffs my girl in the garbage can
and I give it to the landlord when rent comes 'round he throws it in the toilet and fushed it down and it goes into the sewer with the yuck' a runnin' through her and it ends up in the river that we drink
hey world ya' stink! Man! It's later than you think
World you got just one more chance, come on baby wanna' dance?
Well, love power, love power
the power of a sweet flower
love power, love power
the power of a sweet flower.
You don't care about no flowers, all you care about is your skin.
