

# Wheels

## The Flying Burrito Brothers

We've all got wheels to take ourselves away  
We've got the telephones to say what we can't say  
    We all got higher and higher every day  
    Come on wheels take this boy away  
    We're not afraid to ride  
We're not afraid to die come on wheels take me home today  
    So come on wheels take this boy away

    And when I feel my time is almost up  
        And destiny is in my right hand  
    I'll turn to him who made my faith so strong  
    Come on wheels make this boy a man  
    We're not afraid to ride  
We're not afraid to die come on wheels take me home today  
    So come on wheels take this boy away  
    Come on wheels take this boy away
