

# In Time

## Dj Jazzy Jeff & The Fresh Prince

All the words are calling  
Got time on my own  
There's no destination  
Wondering whether I'll feel it again  
Keep my hands off the wheel  
'Cause there's nowhere else to go  
Take some time just hang around awhile  
Like to sit this silent moment out  
I don't wanna lose or let you down  
Time's just gonna change itself around  
The autumn leaves are falling  
Falling down on me  
And there's nothing I can do and there's nothing I can say  
That's gonna change the way I feel  
Keep my hands off the wheel  
'Cause there's nowhere else to go  
Take some time just hang around awhile  
Like to sit this silent moment out  
  
I don't wanna lose or let you down  
Time's just gonna change itself around  
Take this time just hang around awhile  
Like to sit this silent moment out  
And I don't wanna lose or let you down  
Time's just gonna change itself, change itself around  
I feel it's true all alone without you  
I feel it's true  
'Cause you're running with the wind  
And you're running with your life  
Won't you come inside? Inside  
Keep my hands off the wheel  
'Cause there's nowhere else to go  
Take some time just hang around awhile  
Like to sit this silent moment out  
I don't wanna lose or let you down  
Time's just gonna change itself around
