Creep Show

Plastique Noir

Welcome to the creep show, street show, freak show, peep show
Anything goes strippers and live shows
It's the creep show, street show, freak show, peep show
Ecstasy, hydro, and good blow
It's the creep show, street show, freak show, peep show
Hoes strip, where pimps and hoes do strolls
It's the creep show, street show, freak show, peep show
Where hustlas collect rocks and straight rolls
Welcome home motherfuckers you're back again
Into the den of inequity the life of sin
Where after the after party and the hotel lobbies
Probably find me drunk off Bacardi
In a swank hotel an aspiring actress
Trying to push her back through a thousand dollar mattress
In Chicago a couple of bottles, couple of models, stolen Diablos
Fast and furious going full throttle
Post club function, pills get swallowed
Ladies get loose and so do bra straps
Power, money and sex drive good raps
Freaks emerge in a twilight with party pack
Of hydros alcohol blurred eye sight
From dusk till dawn is when vampires roam
Pro athletes trick and don't go home
It's the creep show, street show, freak show, peep show
Anything goes strippers and live shows
It's the creep show, street show, freak show, peep show
Ecstasy, hydro, and good blow
It's the creep show, street show, freak show, peep show
Hoes strip, where pimps and hoes do strolls
It's the creep show, street show, freak show, peep show
Where hustlas collect rocks and straight rolls
Riding with my nigga big boy you don't sleep
Even partied with Diddy up in NYC
Got drunk, rubbed titties of Dominican freaks
Every night bachelor party in the boom boom room
On trees get burned or liquor consumed
You ain't really seen a color, till you seen it on shrooms
Lipstick on the pale of my Pelle lapel
Spot hotter than fish scales cooked in coked ale

Vampire party and we gets it down
In the undergrounds, underground
Underground in club comer's basement
Ladies and low life's do get wasted
So high you can't hear the music
But you feel it when the bass hits
The atmosphere like the first year
Freak bass hit every body's heart goes fast
Rolling Mitsubishi's shakin' that ass
Welcome to the creep show, street show, freak show, peep show
Anything goes strippers and live shows
It's the creep show, street show, freak show, peep show
Ecstasy, hydro, and good blow
It's the creep show, street show, freak show, peep show
Hoes strip, where pimps and hoes do strolls
It's the creep show, street show, freak show, peep show
Where hustlas collect rocks and straight rolls
Got twenties on the Escort, bitch park my shit
It's Bizzare from D12 in this bitch
And which nigga want to fight
I'm the club with Surge Knight, Ike, and Killer Mike
Fat dick for all my enemies
Caught a disease fucking Roy and Jazzie T
My girlfriend's a fucking fool when she turned her back
I'm making out with her mother like I'm in high school
And I don't sale crack to my African brothers
I sell it to they mothers and they ex-lovers
So go ahead bitch pop the X
So I can work your neck in the back of my Vett
Red bones, I hate 'em no question
I like fat bitches with bladder infections
Bizzare get down from strokers to Magic City
It's the creep show, show your nasty titties
Welcome to the creep show, street show, freak show, peep show
Anything goes strippers and live shows
It's the creep show, street show, freak show, peep show
Ecstasy, hydro, and good blow
It's the creep show, street show, freak show, peep show
Hoes strip, where pimps and hoes do strolls
It's the creep show, street show, freak show, peep show
Where hustlas collect rocks and straight rolls
