

# Walls

## Downhere

The walls are all surrounding  
What's behind the paint?  
I put up all my hangings  
But do they hide the stains?  
All the pictures on the paper  
Never changed the way I look inside  
I'm surfacing to the lightAnd walls peeling around me  
Crumbling, falling  
I can't hold them up  
Walls peeling around me  
We're standing so proudly  
Can't hold them up to Your lightThe truth is now likening  
The rich to the beggars, oh  
A name is just a name  
When you're powerless and pained  
And Shalom's far away  
See, the mighty walls will tremble  
With nothing left to keep this front alive  
Held up to the lightWalls peeling around me  
Crumbling, falling  
I can't hold them up  
Walls are peeling around me  
We're standing so proudly  
But I can't hold them up to Your light
