Town Without Pity

Gene Pitney

When you're young and so in love as we And bewildered by the world we see Why do people hurt us so Only those in love would know What a town without pity can doIf we stop to gaze upon a star People talk about how bad we are Ours is not an easy age We're like tigers in a cage What a town without pity can do The young have problems, many problems We need an understanding heart Why don't they help us, try and help us Before this clay and granite planet falls apart Take these eager lips and hold me fast I'm afraid this kind of joy can't lastHow can we keep love alive How can anything survive When these little minds tear you in two What a town without pity can do How can we keep love alive How can anything survive When these little minds tear you in two What a town without pity can doNo, it isn't very pretty what a town without pity
