

I Might Drop By

Greg Laswell

As you can see
i'm gonna beg and plead
as you can see
i'm not your worst enemy

And i did what i could with
what you gave to me and one foot is all the way out
did what i could, and now it's off of me
and i'll leave it all to you to make good

I might drop by, from time to time
yeah, i might drop by, from time to time

As you can see
i'm gonna beg and plead
as you can see
i'm not your worst enemy

And i did what i could with you gave to me
and i don't wanna?
did what i could, and now it's off of me
and i'll leave it all to you to make it good

I this all you want?
I this all you want?
I this all you want?

Did what could with what you gave to me
and i don't wanna?
did what i could, and now it's off of me
and i'll leave it all to you to make it good

I might dropp by, from time to time
Yeah, i might drop by, from time to time
I might dropp by, from time to time
Yeah, i might drop by, from time to time
