Anytime

7 Worlds Collide

Gonna get in the car with a smile and the burn
That I put on my arm the day
You went away girl and I probably
Won't come back around again
One, two
Gonna get in the car with a smile and the burn
That I put on my arm the day
You went away girl and I probably
Won't come back around again
I'm gonna drive all night through the red lights flying
Over the hill to the county line crying
Forgetting to forget that you're not mine
Kiss your apocalypse for the last, last time
Runaway, runaway, runaway again find
Anytime you think, you changed your mind
Anytime you want, jump back to me anytime
Jump back to me anytime, jump back to me anytime
Come back one more time, anytime
There's a place where I go to take the edge off the day
When the radios up your face fades away
Flicker, flicker dim and fade to black
With a back pack packed and a mark on a map
Gonna drive too fast, gonna not look back
Light the night with a blow torch and a match

Kiss your apocalypse for the last, last time
Runaway, runaway, runaway again find
Anytime you think you changed your mind
Anytime you want, jump back to me anytime
Jump back to me anytime, jump back to me anytime
Come back one more time, anytime
Got no time, reason or rhyme
Not gonna stop, gonna ride all night
Got no time, reason or rhyme
Not gonna stop, gonna ride all night
Got no time, reason or rhyme
Not gonna stop, gonna ride all night
Anytime, jump back to me anytime
Jump back to me anytime, jump back to me anytime

Come back one more time
Kiss your apocalypse for the last, last time
Runaway, runaway, runaway again find
Kiss your apocalypse for the last, last time
Runaway, runaway, run, run, run
For the last, last time
For the last, last time
For the last, last time
For the last, last time
