

Alive Or Dead

Middle Class Rut

Drowning through this empty time
Cathy used to say
We're living in an empty time
Cathy used to say Well Cathy ain't no friend of mine
So I gotta push ahead
We'll have to use this empty time
To come and see what's dead So give me love
Alive or dead
I don't care I'm at the end of my rope
I've got no where left to run And I can hear us sayin'
Things that are better left unsaid
And I could see us teachin'
From books I've never even read They're coming for you
And they'll knock on your door
They've got you surrounded
They'll make you conform
They'll steal all your thoughts
And pass them off as their own But I just won't love
Alive or dead
I don't care I'm at the end of my rope
I've got no where left to run Oh shit!
Oh shit! Yea! Am I faithless?
Am I hopeless?
Do I feel less, than anyone? Am I faithless?
Am I hopeless?
Do I feel less, than anyone? And if I gave you my hand,
Would you help me get back up today? Drowning through this empty time
Devil used his hands
We're living in an empty time
Devil used incense So when they come for you
Don't tell them you met me
Don't tell them anything Just give me love (Give me love!)
Alive or dead! (Alive or dead!)
I don't care! (I don't care!) I'm at the end of my rope
I got no where left to run!!!!
Don't go yet! Run!
