Rejoice

Abja

Ah, me say things get bitter in the west
We haffi head to the east
Ah, you done know Sizzla Kalongi ever bless
You see it, you see it
Selassie I, ah, Prince of Peace
Tell you just be nice and live it up, me nah lie
Rejoice and praise Rastafari
Just be nice and live it up, me nah lie
Rejoice and praise Rastafari
Some fightin' for power when love lead the multitude
Every second every hour children calling out for food
They want to go to school in clean clothes and pretty shoes
Give us now because mama say promise is a comfort to a fool
Teach them to love them one another
Love stop them from killing of each other
Follow the words of your fathers and your mothers
To hurt yourself, I tell you don't you bother, hey
Just be nice and live it up, mi nah lie
Rejoice and praise King Selassie I
I tell you just be nice and live it up, mi nah lie
Even though we taught them nah cry
The word is out, how dem so hype dem friend
Ah tell dem things and from foreign
Dem glad dem friend ah send them things
Ey youth be humble don't bad mind dem things
You work for what you want that's the powers of the King okay
