

# Slipping Away

[Mariah Carey](#)

(So far so far, you're slipping away, away)  
You're slipping away from the life and the love we made  
    Baby, I'm so afraid  
    (You're so far so far)  
    (Oh, yeah, babe)  
(So far, you're slipping away, away)  
You're slipping right out of my grasp  
    And you're fading fast it seems  
You know you're slipping away from me  
    I keep on reaching and I keep on trying  
    But you never even hold me  
And it seems like you don't know me, baby  
I keep on yearning and I, I guess I'm learning  
    That it's just a losing fight  
    'Cause there's no passion in your eyes  
    No, no, no, no, babe  
(So far, so far, you're slipping away, away)  
    Yeah, you're slipping away from the life  
And the love we made, baby, I'm so afraid  
    (You're so far, so far, so far)  
    (Oh, oh, oh, oh, oh)  
    (You're slipping away, away)  
You're slipping right out of my grasp  
    And you're fading fast it seems  
You know you're slipping away from me  
    I keep denying that our, our love is dying  
But it's all a big charade and it's a fruitless game to play  
    I can't remember when you, you last were tender  
And it's always touch and go your silence chills me to the bone, yeah  
    (So far, so far, you're slipping away, away)  
    You're slipping away from the life  
And the love we made, baby, I'm so afraid, yeah  
(You're so far, so far, so far, you're slipping away, away)  
    You're slipping right out of my grasp  
    And you're fading fast it seems  
You know you're slipping away from me  
Away, away, away, away, away, yeah, hey, yeah  
    Further, further, ooh, yeah  
    (Further, further)

Yeah, you're so far  
Time after time I reach for you  
I try and I try but you're so aloof  
Where is the boy that you used to be?  
(Hey, where, yeah)  
Baby, you're slipping away from me  
(You're so far away from me, baby, baby)  
Time after time I reach for you  
I try and I try but you're so aloof  
Where is the boy that you used to be?  
(Oh, babe)  
Baby, you're slipping away from me  
(You're so far)  
(So far so far, you're slipping away, away)  
Slipping away from what we had, truly, I just don't understand, yeah  
(You're so far, so far, so far, you're slipping away, away)  
You're slipping right out of my grasp  
And you're fading so fast it seems  
You know you're slipping away, yeah, yeah, yeah, baby  
(So far so far, you're slipping away, away)  
Time after time I reach for you  
I try and I try but you're so aloof  
Where is the boy that you used to be?  
(Oh, oh, oh, yeah, yeah, yeah)  
Baby, you're slipping away from me  
(So far so far, you're slipping away, away)  
Time after time I reach for you  
(So far, yeah)  
I try and I try but you're so aloof  
Where is the boy that you used to be?  
Baby, you're slipping away from me  
(Baby, baby, baby, I'm so afraid)  
(So far so far, you're slipping away, away)  
Time after time I reach for you  
I try and I try but you're so aloof  
Where is the boy that you used to be?  
(Oh, where, yeah, yeah)  
Baby, you're slipping away from me  
(So far so far, you're slipping away, away)  
Time after time I reach for you  
I try and I try but you're so aloof  
(So far)  
Where is the boy that you used to be?  
(So far)  
Baby, you're slipping away from me

(Oh)
