

Bastard Wants to Hit Me (New York)

They Might Be Giants

He says he knows me
But I don't know that guy
He's waving at me
But he looks kind of mad
Some crazy bastard wants to hit me
He's waving me over so he can hit me
But I don't know that guy
But I'm not going over there
Some crazy bastard wants to hit me
How have we come to this pass?
How can I get to my car?
Climb in, turn the ignition
Pull onto the highway
Where I am free
Some crazy bastard wants to hit me
He's waving me over so he can hit me
And who the hell is he?
I can't believe this is happening
That crazy bastard wants to hit me
