

Gonna Raise Hell

Cheap Trick

Gonna raise hell, gonna raise hell
Gonna raise hell, gonna raise hell Ambition? Yeah, if all I've heard is true
There's nothin' much I can do to change the world, it's irreversible
But in what it lacks it's got a taste that smacks of somethin' irresistible Gonna raise hell, gonna raise hell, gonna
raise hell
Gonna raise hell, gonna raise hell, gonna raise hell Submission? Yeah, now I won't name names, and a secret's a
secret
But a hint's a hint or a clue you really wanna know, you really wanna go
There's only two things you got to do Gonna raise hell, gonna raise hell, gonna raise hell
Gonna raise hell, gonna raise hell, gonna raise hell Mother, mother, mother
Mother, mother, aah, aah My mission? Oh yeah, everybody hear? Everybody here
It's a fate I all agree, oh, sometimes you win
I never lose, to me it's no mystery Gonna raise hell, gonna raise hell, gonna raise hell
Gonna raise hell, gonna raise hell, gonna raise hell
Gonna raise hell, gonna raise hell, gonna raise hell
