

You Got Me Singing

Bodyrockers

Hey Spent so many lonely nights
Dreamin' how you did me wrong
I fall to the ground and I wake up You could at least, baby, take me on
Then maybe we could go out make out
But the floor, I picked myself up from
Is floating with dust and shit, yeah, the break down But I've been kicked before
And I've been shown the door
Mostly, it's not new to me I'm singing, do, do, do, do, do, do, do, do
Do, do, do, do, do, do, dow, dow, dow, dow
Do, do
Do, do, do, dow, dow, dow, dow I'm singing
You got me singing, you got me singing, hey So, if you wanna open up your eyes
And see, down, baby, baby, you will never be, girl
I'm just squattin' in your mixed up world
And that's the truth, that's the truth Your poison letters and telegrams
Just go to show you don't give a damn, hey, hey, hey yeah
And I'll stand right back up, my soul is strong itself
I just don't want you as an enemy I'm singing, do, do, do, do, do, do, do, do
Do, do, do, do, do, do, dow, dow, dow, dow
Do, do, do, do, do, do, do, do, do, do
Do, do, do, dow, dow, dow, dow I'm singing
You got me singing, you got me singing Hate the game, don't hate the player
We only do with what we do
Hate the game, don't hate the player
I know that it can be so hard on you The hardest gig in the world
Is to be a musician's girl
I said the hardest gig in the world
Is to be a musician's, a musician's girl You got me singing, you got me singing Do, do, do, do, do, do, do, do
Do, do, do, do, do, do, dow, dow, dow, dow
Hey, do, do
Do, do, do, dow, dow, dow, you got me singing Do, do, do, do, do, do, do, do
Do, do, do, do, do, do, dow, dow, dow, dow
Hey, do, do, do, do, do, do, do, do
Do, do, do, do, do, do, dow, dow, dow, dow
You got me singing
