

This Conversation (feat. Bob Tutupoly)

Mocca

Hey boy, did you know?
I lie awake in my dreamy bed
Thinking of you and those crazy times we've had Sometimes I wonder
Whether you're a Jekyll or you're a Hyde
Sometimes you are wise and tell no lies Oh, I can't tell
'cause you make me feel so loved and confused
This conversation may never happen Hey girl, did you know?
I miss you so though it may not show
Thinking of you and those crazy times we've had My dear I have news to tell you
Your silly jokes did brighten me
You cheered me up when I was down Oh, I can't tell
'cause you make me feel so loved and confused
This conversation may never happen Oh, I can't tell
'cause you make me feel so loved and confused
This conversation may never happen 2x May never happen 3x
