

M-16

Descendents

Go shoot your M-16 (x 4)
I'm not going to live your American Dream!
"Army life is right for me
Kill to save democracy
Got a rebel in my sights
Money's worth more than his life."
So kill. . .it's fun!
Shoot him you're better than him
Shoot him in the eye
Shoot him it gives you as thrill
Just like as a kid only now it's for real
