

# My Dream

## DHT

\*Verse 1\*

In my dream theres a place without war  
no more guns, no more pain no more hurt  
it's a world full of joy without sadness  
people sing, people dance with all happiness

\*Chorus\*

Take me to my dream  
love is everything  
where there is no war  
and the children sing  
love is all around  
it's the only thing in a dream that must come true

\*Verse 2\*

In my dream theres a place were it's clean  
no more waste in the air and the sea  
so there's place will be pure and all healthy  
you can live your life in heaven

\*Chorus\* x2
