

Peace of Mind

Autumn Burning

We all make mistakes and
Some are just a little harder to take in
Seems like youâ€™ve been in my place man

I canâ€™t feel my head
No, not again
Alone, no friends
Know what Iâ€™m saying

You controlled a fool
Who grew a little smarter than you
Now you donâ€™t know what you got (not much)

When thereâ€™s nowhere left to run
And thereâ€™s nowhere left for you to hide
In my words youâ€™ll find
Some comfort and some peace of mind
(got some peace of mind)

You canâ€™t concentrate it
Or straight up fake it
Make it something itâ€™s not

You canâ€™t feel your head
No, not again
Alone, no friends
I know what youâ€™re saying

When thereâ€™s nowhere left to run
And thereâ€™s nowhere left for you to hide
In my words youâ€™ll find
Some comfort and some peace of mind

You want some peace of mind
Come get you some

When thereâ€™s nowhere left to run
And thereâ€™s nowhere left for you to hide
In my words youâ€™ll find

Some comfort and some peace of mind

In my words youâ€™ll find
Some comfort and some peace of mind

You want some peace of mind
