

# Lookin' for a Feeling

Waylon Jennings

I'm lookin' for a feeling that I once had with you  
Lookin' for a feeling I have grown accustomed to  
I've had love and I've had lovers but they never seem to do  
I keep lookin' for a feeling that I lost when I lost you I said, when it was over I'd be over you in time  
Because nothing lasts forever it's all a state of mind  
I found one love I'll find another Heaven, knows how hard I've tried  
But there's something always missing something never satisfied I keep lookin' for a feeling that I once had with  
you  
Lookin' for a feeling I have grown accustomed to  
I've had love and I've had lovers but they never seem to do  
I keep lookin' for a feeling that I lost when I lost you
