

Meteors

Dawn Richard

Ha ah ah ah ah
Ha ah ah ah ah
Ha ah ah ah ah
Ha ah ah ah ah
It's falling from the sky
It's blazing everywhere
At first I didn't notice
But it's obviously there
Yeeaahh
It's obviously there
It's been a long time hoping
I never saw it coming
I see it on fire
Anticipation burning like
Daamm
It's burning like daamm
You know it's coming down
Like meteors
Like meteors
It's coming down like meteors
Like meteors
Ha ah ah ah ah
Ha ah ah ah ah
Ha ah ah ah ah
Ha ah ah ah ah
It's pouring down on my left
Coming on my right
Never knew this feeling could
Light up the night like you ooh
Do ooh do ooh do ooh
Running by the light
Saying that I might
Never seen another coming cross to the sky
Like you ooh
Do ooh do ooh do OOH
Your love is coming down
Like meteors
Like meteors
It's coming down like meteors

Like meteors
Your love is coming down
Like meteors (like meteors)
Like meteors (like meteors)
It's coming down like meteors (like meteors)
Like meteors (like meteors)

Ha ah ah ah ah
Ha ah ah ah ah
Ha ah ah ah ah
Ha ah ah ah ah

Meteors
Meteors
Meteors
Meteors
Meteors
Meteors
MeteorsMeteors

Meteors
Meteors
Meteors
Meteors
Meteors
Ha ah ah ah ah
Ha ah ah ah ah
Ha ah ah ah ah
Ha ah ah ah ah
