Love Buzz

Trace Adkins

Everyone's askin' me
Boy what's got into you
Think I been nippin' on the sauce
I walk around smilin' like I feel no pain at all
I guess I don't but that's because

[Chorus]
I got a little love buzz
I'm flyin' like a kite does
Higher than the sky, got me feelin' right
Better than the booze does
I'm sober as an old judge
I'll tell ya right now 'cause
My baby she's a good drug
I got a little love buzz

Seems all I want to do
Is get to where she is
And belly up to her again, yeah
And I'll take all she's got
'Cause she's the top shelf kind
She keeps me strung out on a binge

[Chorus]

Yes sir offacer
I can walk your line
And l can say your ABC's
No I ain't had a drop
And I don't smoke that stuff
If you gotta know then I'll come clean
Here's the truth

[Chorus]

My baby she's a good drug
I gotta little love buzz
I can feel a little love buzz
It's comin' on now
I'm feelin' a little light headed

Little love buzz
Little love buzz
Little love buzz
