

I Love You

Jon Robert Quinn

You woke up this morning
With a smile on your face
You woke up this morning
Pretty Flowers in your vase

And I woke up this morning
And looked into your eyes
And I woke up this morning
To finally realize

I realize that I love you
Yes I do
I realize that I love you
Yes I really do
Will this last forever
Forever and be true
Will this last forever
Forever me and you
Yes I love you

And we out yesterday
For a walk on the town
He held eachother hand in hand
A new love that I found

Yes I love you
Yes I do
Yes I love you
Yes I really do
Will this last forever
Forever and be true
Will this last forever
Forever me and you
Yes I love you
