

# Who Cares?

## Gnarls Barkley

Basically, I'm complicated  
I have a hard time taking the easy way  
I wouldn't call it schizophrenia  
But I'll be at least two people today  
If that's okay  
And I can go on and on and on  
But who cares?  
It's deep how you can be so shallow  
And I'm afraid 'cause I have no fear  
And I didn't believe in magic  
Until I watched you disappear  
I wish you were here  
And I can go on and on and on  
But who cares?  
You see, everybody is somebody  
But nobody wants to be themselves  
And if I ever wanted to understand me  
I'll have to talk to someone else  
'Cause every little bit helps  
And I can go on and on and on  
But who cares?  
It feels like the surreal life  
But it's still nice, wish I could live twice  
And I still might, if these wounds heal right  
I see a little light even though it's still night  
It feels like the surreal like  
But it's still nice, wish I could live twice  
And I still might, if these wounds heal right  
I see a little light even though it's still night  
And I can go on and on and on  
But who cares?  
And I can go on and on and on  
But who cares?
