

Devil's Dime

Black Label Society

Flying so high
Never, ain't never gonna die Hellbent, blitzkrieged
Take what you want at will
Hellbent, blitzkrieged
Can't live unless you kill When you're living on the Devil's Dime, Devil's Dime
Everything's paid and we're feeling fine
On the Devil's Dime, Devil's Dime
The wheels are rolling and we're running blind No stop signs, ain't no slowing down
Broken, confusion all around Hellbent, blitzkrieged
Take what you want at will
Hellbent, blitzkrieged
Can't live unless you kill When you're living on the Devil's Dime, Devil's Dime
Everything's paid and we're feeling fine
On the Devil's Dime, Devil's Dime
The wheels are rolling and we're running blind On the Devil's Dime, Devil's Dime
Everything's paid and we're feeling fine
On the Devil's Dime, Devil's Dime
The wheels are rolling and we're running blind Living on the Devil's Dime, Devil's Dime
Everything's paid and we're feeling fine
On the Devil's Dime, Devil's Dime
The wheels are rolling and we're running blind On the Devil's Dime, Devil's Dime
Everything's paid and we're feeling fine
On the Devil's Dime, Devil's Dime
The wheels are rolling and we're running blind
