

# Rest In Peace

## Extreme

Let's talk of peace, sounds so cliché  
A novelty, catch phrase of the day  
Middle, index  
Sign of the time  
Just as complex as water to Someone said give peace a chance  
And that's all that we're saying  
While we're sitting on the fence  
Pretending  
Our hearts are in the right place  
But your face shows a trace of Hypocrisy, don't tread on me  
Now you can see Make love not war, sounds so absurd to me  
We can't afford to say these words lightly  
Or else our world will truly rest in peace Let's not pretend to justify  
Rather amend where treasures lie  
Straight through the heart  
Peace can be found  
That's where you start, not all around Someone said give peace a chance  
And that's all that we're saying  
While we're sitting on the fence  
Pretending  
Our hearts are in the right place  
But your face shows a trace of Hypocrisy, don't tread on me, boy  
Now you can see Make love not war, sounds so absurd to me  
We can't afford to say these words lightly  
Or else our world will truly rest in peace
