Wherever I go
You know I stay fly float threw the sky smoke with my guys

(Westside K-Town)

On the corner where cotchies died now lets go to N.Y and love it

But out on the west I don't step out

Of my vest unless doggs I'm about to have sex Wherever I go

You know my wrist stay naughty

No bitch can afford me

I'm about girl I did it with Wardy

And the places I go we making the dough

It's whips when we land there bitch we don't visit we got land there

So where frequent flyer's we cheat on flyer's so please be quite

Yeah Dip Set you already know Wherever I go

(Dogg I'm in the hood screaming what's really good)

Wherever I go

(You already know, you already know)

Wherever I go

(We smoking the best here I'm feeling you yes sir)

Wherever I go

(Things never change shit just stay the same) I'm so built for doing this here

Yeah I'm high I'm twisted on tilt still doing this here

Keep a thick chick with me

Taggin' along fat ass and thong attached to my arm

I might grab it I might smack it tell her

To tag it along mack and then we gone

You already know Wherever I go

You see the cop over behind him fronting rocking them diamonds

Glockin' my lining till I spot me a diamond

'Cause a bitch into fucking

Talked her lips into sucking coughing up shit when I'm puffing

Man I'm talking like shit ain't nothing

Popping cooks of Chris and I'm stunting

I plays the bar for the night

But shit I got to start me fight

I said excuse me doggs pardon these Nikes and Ones nigga Wherever I go

(Dogg I'm in the hood screaming what's really good)

Wherever I go

(You already know, you already know)

Wherever I go

(We smoking the best here feeling you yes sir)

Wherever I go

(Things never change shit just stay the same)
