

# Repeat Routine

## Sleepwave

The air is thinner where I breathe  
It drains the life right out of me  
I'm staring lifeless on my knees  
Can someone please just rescue me  
Can't get it right  
It's all in my head  
When will it end  
A blinding light will guide my way  
So I can start again  
This vicious cycle never ends  
Define the Line where it all begins  
I've seen the darkness in the day  
Remove rebuild get up and walk away  
It's in my fucking head  
I walked the sun and burnt my feet  
I kissed the moon  
Tasted defeat  
Never again will I sink so fast  
Get out  
Get out  
Just get out of my head
