

Come on Down

High Valley

Come on Down

Yeah, It's been awhile since you've been around,
won't you come on down, just come on down.

You don't need no invitation,
Day or night we're out here waiting
Just drive out till the pavement ends
Sign says population
Twenty eight hundred seventeen
One stop light and a Dairy Queen
Saw mills, farms and refineries
Yeah, that looks like home to me.

If you still, believe in Faith and Family
You'll find them in this little town

Chorus
(Come on down)

Come on, Come one down

Out here in the country

We leave a light on for you

And we never lock the door

(Just come on down)

Come on, Come on down

To the land of milk and honey

Our arms are always open

You can make yourself at home.

(Just come on down) If something happens to your neighbour

Oh, the church has a fundraiser

It's the front page of the paper

It's just a seven pager.

Every house has a Good Book

And kitchens all smell like old cooking

If a cracker's what you're looking for

You'll find one here for sure.

Everyone's a fan of, yes sir, thank you ma'am

Way out here in this little town.

Chorus
Tell me when you're going to visit

Come on, you know you miss it

OH, oh, oh, oh (Repeat 4xs)

Chorus
Repeat

It's been a while since you been around

Won't you come on down, Just come on down

It's been a while since you been around

Won't you come on down, Just come on down
Just come on down
