## Kevin Morby

Have you seen my lover
With her long blonde hair?
Everything we did just went so wrong
Last time that I saw her she was standing there
Now I've come to wonder where she's gone.
And have you seen my motherShe's out looking for my father?
Didn't think that shed be gone this long
He's gone where you can't go
But I let her have her fun
Now I've come to wonder where she's gone
And what about my sister? she looks just like meLooking into her is like a mirror
And when we were young we weren't two but one
Sometimes I come to wonder where she's gone
Without a kingdom, without a bird over my head
Don't believe what they told you,
Believe what ya heard
Or what I saidAnd now I go down, towards the water
In which we cried
And now I go down, towards the dirt
In which we died
